## DETAILED ACTION

### *Information Disclosure Statement*

1. The information disclosure statement filed 12/3/03, 7/29/04 and 2/1/05 have been received and made of record. Note the acknowledged PTO- 1449 forms enclosed herewith.

### *Drawings*

2. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they do not include the following reference sign(s) mentioned in the description: "w" is missing from Fig. 2, note page 8, lines 15-17.
3. The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they include the following reference character(s) not mentioned in the description: "86" located in Fig. 12 is not in the specification.
4. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of

Art Unit: 3772

any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### ***Specification***

5. The disclosure is objected to because of the following informalities:

Fig. 12, which represents a facing layer, is not described in the detailed description of specification;

In Figs. 25-28, projection elements appear to be indicated by reference character "57" not "56" as recited in the specification on page 34, lines 20-30 and page 35, line 4;

Page 29, line 19, "43" should read --47--;

Page 31, line 20, "43" should read --47--; and Page 32, line 28, "the needles" should read --the projection elements-- since they were previously defined as such.

Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

6. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

7. Claim 19 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As regards claim 19, "the absorbent foam layer" lacks proper antecedent basis.

***Allowable Subject Matter***

8. Claims 19 and 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
9. Claims 1-18 and 21-28 allowed.
